

# Transfer Tanks

**WARNING:** Transfer tanks must not be connected to a vehicle's fuel system as an auxiliary fuel tank. Transfer tanks may not meet certain government, state or provincial regulations and are not intended for use in fueling aircraft. Transfer tank and pump must be grounded to prevent static charge buildup. Transfer tanks are not designed to transport flammables such as gasoline.

## KEY FEATURES

- Designed to transport **diesel fuel only**.
- **Fits with most bed liners** and with WEATHER GUARD® Cross and Saddle Boxes.
- **Interior baffle design** reduces fuel movement.
- **Lockable, vented filler cap** prevents excessive pressure buildup.
- **2" I.D. filler neck** is threaded to accept standard 2" threaded pipe.

## STEEL TRANSFER TANK 50 GAL. CAPACITY

**350-3-01**

For compact pickups.

Ship Weight: 131 Lbs.
